## The current Prescribe Culture offer?

<table>
<thead>
<tr>
<th>Online Take 30 Together Virtual #T30TV</th>
<th>Edinburgh Programme 6</th>
<th>Online Unlock &amp; Revive</th>
<th>Scotland At Home with Heritage</th>
</tr>
</thead>
<tbody>
<tr>
<td>An e-social prescribing programme for anyone seeking support for mental wellbeing by connecting to the world, and others, by escaping with and exploring global heritage.</td>
<td>Small group (max.8), 90 minute workshops for 6 weeks. A heritage-based, non-clinical mental health support with inspiration, coffee, cake and hands on activities.</td>
<td>10 week programmes developed for the Dementia community. Activities include Sing It Back, HES Talks and Heritage Share sessions.</td>
<td>Explore, discover, create and connect, at home, through heritage engagement activities. For those living with health and social inequalities and for whom digital is not a solution.</td>
</tr>
<tr>
<td>Ongoing / Self-referral</td>
<td>Closed / Referral</td>
<td>Seasonal / Community Care Partners</td>
<td>Target Community Self-Referral</td>
</tr>

Thank you for involving me, occupying me and keeping me sane over lockdown – and beyond!

Dona Making a Difference
Paula – one of our student ‘T30TV’ location scouts!
“Take 30 Together Virtual really helped improve my wellbeing, especially through a very difficult time in my life in the latter part of 2020, and it’s helped me settle into my new life in retirement.

It kept me company in lockdowns. It forced me to learn how to use a webcam, Microsoft Team and Zoom – including presenting!!

Taking part in the T30TV sessions has also given me the confidence to go ahead with my new volunteering role at a local school.

Please keep doing what you are doing!

THANK YOU!”
Thank You for listening.
